LED BY LEGACY.

Offering **robust functionality** and **unbeatable reliability**, MrSteam CX commercial steam systems and CT Day Spa® steambaths are engineered to master the rigors of commercial use and **consistently deliver excellence** for businesses looking to round out service offerings and add membership appeal. With a wide variety of proven benefits, steam baths provide the perfect immersive recovery environment for every guest and give your business a **distinguishing edge** with health-minded clientele. Known for centuries to revitalize the mind, body and spirit, steam encapsulates the essence of complete wellness in any club therapy setting and is sure to become a **memorable experience** for your clients. With low maintenance and high performance, create an effortless escape for your guests backed by 100 years of the MrSteam legacy.

Experience next generation industry-leading steam systems.

FOR HOTELS, RESORTS, SPAS AND CLUBS

The pedigree and engineering behind our products is why we've earned the trust of many prestigious health facilities. MrSteam CX Series generators are engineered to respond automatically and reliably, maintaining preset temperatures within the steam room and providing consistent performance. Manufactured to exacting standards, steam bathers receive a peaceful escape, while owners and operators remain worry-free with MrSteam's unbeatable quality.

EXPERIENCE MRSTEAM IN THESE PRESTIGIOUS PARTNERS

We encourage you to try us out. See the many major resorts, athletic franchises and popular health facilities that have harnessed the power of steam to enhance their guests' wellness experience. Easily locate one near you at MrSteam.com/Heavy-Duty-Commercial.

C NEXT GENERATION POWER

Now, big things come in an impeccably designed, thoughtfully engineered, compact and concise unit.

The CX GENERATOR is innovation in action.

Like computing that once took up an entire room and can now be held in your hand, the CX is pure brawn in a small package; engineered for peak performance.

CX GENERATOR SYSTEM NEXT GENERATION POWER

QUIETER POWER
The CX Generator is an atmospheric generator that is quieter than a pressurized system. CX also has an internal temperature shut off to prevent low water condition, and an integral high water cut-off feature.

TOUCH-SCREEN CONTROL
The CX generator interface is programmed to preheat steam room at the start of each day. During operation the water in the system is kept at an elevated temperature for fast steaming time.

EASIER INSTALLATION
The compact size offers designers, builders, and contractors more flexibility with room design and straightforward installation, making large equipment rooms traditionally built to house auxiliary pressure and mechanical systems no longer a necessity.

CX GENERATOR CONTROL

- 7" color touch screen control with menu driven user interface.
- Can be mounted up to 60 feet from the steam generator.
- Easily set on/off time from control.
- View system status while the unit is running.
- Room temperature shown on display.
- Controls multiple CX Generators in series.
- 30 ft Cable for control and Temperature probe come standard.

CX GENERATOR SYSTEM

INCLUDES:

- CX GENERATOR
- CX CONTROL / 30FT. CABLE
- FACTORY INSTALLED AUTOFLUSH
- COMMERCIAL GRADE STEAM HEAD
- CONDENSATION PAN
- TEMPERATURE SENSOR / 30 FT. CABLE

– All CX Generators are priced as 240 Volts and 208 Volts. Other voltages are available, please specify when ordering , no extra charge for different voltages

NOTE: 9, 12, 15, 20, 24, and 30 kW are single generator systems.

CX GENERATORS IN SERIES: 40, 48, and 60 kW requires two (2) generators. 72 kW requires three (3) generators.

120 kW requires four (4) generators.

Each generator comes with installed AutoFlush and Steam Head (supplied).

Important:
All CX commercial steam bath generators are available in 208/3, 240/3 and 480/3. Consult factory for other voltage/phase.
Specify voltage/phase when ordering. Refer to Installation Manual for dimensions and installation instructions.

All MrSteam CX units are cULus Listed.

SIZING A CX COMMERCIAL STEAM SYSTEM

LENGTH > WIDTH > HEIGHT = TOTAL SHOWER VOLUME (CUBIC FEET / METERS)

To easily size and specify the steam generator for your project, go to the Commercial page on mrsteam.com. Here you'll find a sizing tool and information on the CX system.

<https://www.mrsteam.com/heavy-duty-commercial/>

Create a multisensory wellness experience.

CX SERIES ACCESSORIES

MrSteam's accessories allow you to add light, sound and fragrance to help create a custom steam escape for your guests. Accessories such as timers, an alarm or a stop switch are added safety features to keep each steam consistently enjoyable.

CT Day Spa is equipped with Express Steam® and has the MSTs.
All CT generators come in 240V/1PH standard; other voltages/phases available.
1. Wire size (AWG) based on minimum 90°C THHN insulation for copper conductors.
2. Water usage based on 20-minute steam bathing session.
All MrSteam CT units are cULus Listed and CE approved. Refer to PUR 100426 Installation Manual for dimensions and installation instructions.

Occasionally, a steam room has unforeseeable or hidden construction that warrants special sizing or other consideration. MrSteam is not responsible if unconventional and/or unforeseeable materials or construction details result in a unit that does not operate to specification. Refer to the applicable MrSteam Installation, Operation & Maintenance Manual, available at MrSteam.com, and consult a properly licensed contractor, architect and/or design professional. Failure to do so may result in an inoperable or hazardous condition. See product packaging and labeling for additional important information.

CT STEAM GENERATORS

Designed for steam rooms operating for six hours or less each day that do not exceed 482 cubic feet and ideal for up to two guests at a time.

- Easily installed in most service closets, storage areas or similar dry, heated location
- Ideal for smaller day spas or resorts that may not have the space or need for a larger, multiple-user steam room requiring CU equipment
- Constructed of 100% recyclable stainless steel inside and out

The CT Day Spa® package includes everything an owner/operator needs for optimum control and superior performance, while also providing guests with an enhanced therapeutic experience.

Enhance every client experience.

CT DAY SPA® ACCESSORIES

From fragrances to sound and light, you can easily provide clients with a memorable multisensory experience that heals the body, eases the mind and awakens the spirit, thanks to our unique wellness therapies and luxurious accessories.
